

Pediatric Sub-Acute COVID-19 Cases

Residents	Health Care Workers
0-Zero	0- Zero

Mitigation Plan

- Restrict all outside visitors and non-essential staff (community standard)
- Rescheduling of all non-urgent appointment and utilizing telehealth
- Early identification of sign and symptoms
 - Resident symptom tracker
 - Employee screen at the beginning and end of each shift
 - Resident and employee COVID-19 testing on a continuous basis
- Prevent the spread
 - Reverse isolation
 - All staff wear face mask at all times
 - Full PPE when entering into resident rooms
 - Dedicated EVS to clean the unit and all high touch surfaces
